Dear Parishioners

Schools are back on Monday yet it seems just two minutes since we were having carol services and plays and Santa hats were in abundance! Such is the cycle of life – expectation, experience, memories. At least that might seem to be the pattern; but it all depends on where we are coming from ourselves. The great thing about the Liturgical Year is that it offers us a particular framework from within which we can view life. So ... Our reflections on God coming into the world, taking on our human nature lead to ...

consideration of the role that Mary played in the drama of our salvation and the part that all mothers play in nurturing us ...

and this weekend, with the celebration of the Epiphany, the recognition that as 'men of old' journeyed to find what was going to give meaning to their lives, so we are all involved in a daily pilgrimage to fulfilment and enrichment of our lives ...

and we already know the outcome ... that it is only God who can give that complete joy in living.

Preparatory work is going well on the application process. We will shortly be able to let you know how you can provide financial support etc. to the project. Please continue to pray for the success of our parish response to the Pope's call to "welcome the stranger".
